

Price list

Every published price, in Ugandan shillings. Glide HMIS is priced by facility size with the staff count included, so nobody is charged per login and a facility can put its whole team on the system.

Prepared 17 October 2026. Prices current on the date above; check the site for the live list.

Glide HMIS

PLAN	USERS	MONTHLY	YEARLY
Community	5	Free	Free
Starter	10	UGX 200,000	UGX 2,000,000
Growth	30	UGX 600,000	UGX 6,000,000
Hospital	80	UGX 1,600,000	UGX 16,000,000

Each band works out at UGX 20,000 per included user at its full staff count. Annual is ten months. More than eighty staff, or several hospitals on one system, is quoted as a network plan.

Ways to start without a monthly plan

Pay as you treat	UGX 300 for every visit you record, minimum UGX 50,000 a month, every user included, one facility. Billed at the end of the month for the visits it actually had. At about 700 visits a month the Starter band costs less, and we will tell you.
Setup inside the monthly	From UGX 125,000 a month for twelve months. Configuration, data migration and training spread over the first year instead of a lump sum before go-live.
The system with the computers	From UGX 550,000 a month for thirty-six months. Three workstations, a receipt printer, power protection and the network, installed and supported on the same agreement. The equipment is yours at the end of the term.

Promie and the E-Commerce Engine

PLAN	PRODUCT	MONTHLY	YEARLY
Starter	Promie	UGX 30,000	Monthly only
Business	Promie	UGX 80,000	Monthly only
Premium	Promie	UGX 150,000	Monthly only
Starter	E-Commerce	UGX 300,000	UGX 3,000,000
Professional	E-Commerce	UGX 800,000	UGX 8,000,000
Enterprise	E-Commerce	Quoted	Quoted

What is not in the subscription

Implementation	Configuration, data migration, on-site training by role and an engineer present for the first days. Quoted after we walk through your building, or spread over twelve months.
Hardware	Workstations, printers, power protection and networking, supplied and installed on request.
Support	Included on every plan. Response and resolution targets by severity are published at itsolutionsuganda.com/service-levels .

How to pay

MTN Mobile Money, Airtel Money, Visa or Mastercard online, or bank transfer against an invoice.
Government institutions and NGOs can be invoiced annually against a purchase order.
